NOTICE OF APPEAL

(D) Hamidullah Hamidi files this Notice of Appeal from the citation issued on (E) May 27<sup>th</sup> 2020. The rationale for the appeal is as follows: (F)Since 2018 my company has been reviewed Twice for audit by the PUC Investigators and at least three times by the CA CHP for Vehicle inspections. Throughout the years I provided the documents requested. by the Investigators. In November 2018 I had a Chrysler 300 Stretch that was not being used hence it was not listed with the PUC equipment list it was insured but not operational due to maintenance issues. But I was required to have insurance on all vehicles whether being used are not by the finance company and CA DMV . Investigator Clarke had trouble with this and raised an issue on why I would have insurance on vehicles not being used she, appeared to not agree with me. Violation Count 2.My run sheets or waybill did not

have the TCP number on it. The program design wouldn't facilitate but my business cards and flyers all had my TCP number on. Count 3 Violation Advertisement of services without valid chart-party authority. My web site was operational but I did not operate while I was suspended or expired, because of the cost of taking it down and then bring it up has I had filed the application to change my operating status. Twice I was informed that investigations were complete and then I met CA Southern Supervisor Ken Bruno and a couple of other investigators and I was told my permit was reinstated. No fines or punishments were mentioned at the time. On June 1st 2020 I received a fine from Haydee Clarke for \$2000.00 It seems to me that Supervisor Clarke has issues with me and it was a surprise. I would like to appeal the fines has the waybill violations are correct but during this time of Pandemic the fine is a tad excessive.
