Peak to Peak Mountain Charter School, (formerly Pine Mountain Learning Center), Pine Mountain, CA

Line extension

Phase 2 Resolution T-17380

Adopted by Commission at November 29, 2012, meeting.

Peak to Peak is West of Lebec and approximately 90 children attend with senior citizen employees. The nearest phone service to Peak to Peak was several miles. There is poor wireless reception. The summer has fire danger and the winter has heavy snow. The project was in Verizon territory but Verizon and AT&T agreed to boundary realignment of their exchanges due to the great distance to Taft, the location of Verizon facilities.

AT&T completed construction in December 2013. Conduit with telephone lines has been trenched and telephone connections to Peak to Peak completed. AT&T installed a telephone plug inside the school offices at CD request.

A telephone line has been trenched to Camp Condor, a camp for kids, several hundred feet from Peak to Peak. A Network Interface Device has been installed.

Apache Saddle Fire Station of the National Forest Service can now order telephone service whenever they wish.

Peak to Peak did not have a proper street address. So Kern County decided to change the name of the street of the school and gave Camp Condor a proper address. AT&T worked with the county to obtain a proper address for Peak to Peak.

Phone service to Peak to Peak was activated on February 24, 2014, for the first time ever.

Camp Condor can call and order telephone service at any time. Once AT&T has arranged a proper address for Peak to Peak they can call and order telephone service.

AT&T submitted the invoice in late December 2014 and will be paid in January 2015.. Contract expiration date was extended to 12/31/2014.
