**Directions:** Submit all documents and submittal questions to Energy Division Central Files via email [EnergyDivisionCentralFiles@cpuc.ca.gov](mailto:EnergyDivisionCentralFiles@cpuc.ca.gov)

1. Fill out coversheet completely. Coversheet can be embedded as page 1 of the electronic compliance filing, or can be submitted as a separate document that is attached to the email that delivers the compliance filing.
2. If the coversheet is submitted as separate document, please name the coversheet file with the same document name used in your primary document (see Section A) + plus the word "cov" (for coversheet). For example, the name of the coversheet file will be something like: **West Coast Gas Company Monthly Gas Report 201602 COV.docx**
3. If the document is confidential add CONF (for confidential). For example, the name of the coversheet file will be something like: **West Coast Gas Company Monthly Gas Report 201602 CONF.docx** and **West Coast Gas Company Monthly Gas Report 201602 COV CONF.docx**
4. All documents are required to be submitted in an electronically *searchable* format.
5. Documents need to reference the reason for the mandate that ordered the filing in Section B or C. If you are unable to reference a proceeding or explain the origin of your filing, please contact Energy Division Central Files.
6. To find a proceeding number (if you only have a decision number), go to <http://docs.cpuc.ca.gov/DecisionsSearchForm.aspx>; enter the decision number, and the results shown include the proceeding number.

NOTE: It is Energy Division's preference to have document components combined into one PDF document with the top sheets being the cover sheet, the next an executive's letter (as applicable), and the compliance data as the third element.

1994 Underground Conversion Allocations

Dear Mr. Shulman:

This letter serves to advise the Commission of an amendment to PG&E's 1994 electric underground conversion allocation budget, submitted by letter of December 10, 1993.

The attachment provided with our December 10, 1993, letter misstated the allocations for 27 communities. The error, caused by a computerized sorting problem, did not affect the total 1994 allocation amount of \$57,316,792. The attached amended allocations list all communities, and highlights those 27 affected communities with an asterisk.

Questions regarding this matter should be directed to Mr. Rene Juarez in the Service Planning Department at 973-2840.

Sincerely,

A handwritten signature in cursive script that reads 'Betsy Dixon'.

Dear Mr. Shulman:

This letter serves to advise the Commission of PG&E's 1994 electric underground conversion allocation budget.

Pursuant to Section A of PG&E's electric Rule 20, we are allocating a total of \$57.3 million, less an adjustment of \$153,160 for excess allocations made to four counties during the course of the "Five-Year Plan" which concluded in 1989. Adjustments totalling \$765,800 will be debited from allocations to the four counties in five equal installments of \$153,160 during the years 1990 through 1994.

Each city's and county's allocation for 1994 is shown in the attachment and was determined in accordance with the new "50/50" allocation formula directed by the Commission on May 4, 1990, in its Decision 90-05-032.

The amount allocated for 1994, \$57.3 million, is the sum of:

\$46.9 million (1990 allocation budget) as agreed to with the League of California Cities and the County Supervisors Association of California as part of the "Three-Year Plan;" plus

\$6.1 million as derived from application of the 1993 composite inflation and real growth factor of 0.0407%; plus

\$4.4 million in allocation "true-up" resulting from adjustment for differences between trended and actual allocations as specified in the "Five-Year Plan"; less

\$153,160 adjustment for excess allocations to four counties between 1985 and 1989.

Mr. Neal Shulman

Page 2

This allocation data is submitted in accordance with Ordering Paragraph 6 of Decision No. 73078. Our total conversion allocations since 1968, including the 1994 allocation, total \$700.2 million.

Questions regarding this matter should be directed to Mr. Rene Juarez in the Service Planning Department at 973-2840.

Sincerely,

Attachment

Re: Electric Rule 20, Section A  
**1995 Underground Conversion Allocations**

Dear Mr. Shulman:

This letter serves to advise the Commission of PG&E's 1995 electric underground conversion allocation budget. This allocation data is submitted in accordance with Ordering Paragraph 6 of Commission Decision No. 73078.

Pursuant to Section A of PG&E's electric Rule 20, we are allocating a total of \$54.4 million for 1995, which is the sum of the following:

- \$46.9 million (1990 allocation budget) as agreed among PG&E, the League of California Cities, and the County Supervisors Association of California as part of the "Three-Year Plan;" plus
- \$7.5 million derived from applying the 1994 composite inflation and real growth factor of 0.0407 to the 1994 subtotal allocation budget of \$52,359,938.

The 1995 allocations for each city and county is shown in the attachment and determined in accordance with the "50/50" allocation formula directed by the Commission in Decision No. 90-05-032.

Please note that the 1995 allocation is less than the 1994 allocation (\$56.6 million). This reduction reflects several items:

- the end of the \$153,160 annual adjustments for excess allocations made to four counties during the course of the "Five-Year Plan" which concluded in 1989;
- the conclusion of "true-up" adjustments totaling \$22 million over five years, which resulted from adjustments for differences between trended and actual allocations as specified in the "Five-Year Plan;" and
- the sale of PG&E's distribution facilities within Trinity County which further reduced the overall allocation by \$88,392 for 1995. This sale will also effect a reduction of \$84,800 to the base allocation commencing with the 1996 allocations.

Letter to Neal Shulman

December 12, 1994

PG&E's total conversion allocations since 1968, including the 1995 allocation, total \$754.7 million.

Questions regarding the 1995 Rule 20 allocations should be directed to Mr. Rene Juarez in the Service Planning Department at 973-2840.

Sincerely,

Re: Electric Rule 20, Section A  
1996 Underground Conversion Allocations

Dear Mr. Franklin:

This letter serves to advise the Commission of PG&E's 1996 electric underground conversion allocation budget. This allocation data is submitted in accordance with Ordering Paragraph 6 of Commission Decision No. 73078.

Pursuant to Section A of PG&E's Electric Rule 20, we are allocating a total of \$56.3 million for 1996, which is the sum of the following:

- \$46.9 million (1990 allocation budget) as agreed among PG&E, the League of California Cities, and the County Supervisors Association of California as part of the "Three-Year Plan;" plus
- \$9.4 million derived from applying the 1995 composite inflation and real growth factor of 0.0371 to the 1995 subtotal allocation budget of \$54,406,187.

The 1995 allocations for each city and county is shown in the attachment and determined in accordance with the "50/50" allocation formula directed by the Commission in Decision No. 90-05-032.

PG&E's total conversion allocations since 1968, including the 1995 allocation, total \$811 million.

Questions regarding the 1996 Rule 20A allocations should be directed to Mr. Rene Juarez in the Service Planning Department at 973-2840.

Sincerely,

*Les Guliasi/aok*

Mr. Bill Gaffney, Public Utilities Regulatory Analyst II  
California Public Utilities Commission  
505 Van Ness Avenue, Energy Division  
San Francisco, CA 94102Re: Electric Rule 20, Section A  
1998 Underground Conversion Allocations

Dear Mr. Gaffney:

This letter serves to advise the Commission of PG&E's 1998 electric underground conversion allocation budget. This allocation information is submitted in accordance with Ordering Paragraph 6 of Commission Decision 73078.

Pursuant to Section A of PG&E's electric Rule 20, we are allocating a total of \$59.6 million for 1998. This amount is the sum of the following:

- \$46.9 million (1990 allocation budget) as agreed among PG&E, the League of California Cities, and the County Supervisors Association of California as part of the "Three-Year Plan"; and
- \$12.7 million derived from applying the 1997 composite inflation and real growth factor of .0304 to the 1997 subtotal allocation budget of \$57,905,815, the product of which exceeds the 1990 base allocation by \$12.7 million.

The 1998 allocations for each city and county are shown in the attachment and determined in accordance with the "50/50" allocation formula directed by the Commission in Decision 90-05-032.

PG&E's total conversion allocations, since 1968, including the 1998 allocation, are \$926.5 million.

Sincerely,

A handwritten signature in black ink, appearing to be 'L. Guliasi', written over a horizontal line.

Re: **Electric Rule 20, Section A, 2000 Underground Conversion Allocations**

Dear Mr. Franklin:

This letter advises the Commission of PG&E's calendar year 2000 electric underground conversion allocation. This allocation data are submitted in accordance with Ordering Paragraph 6 of Commission Decision 73078.

Pursuant to Section A of PG&E's Electric Rule 20, PG&E is allocating a total of \$63.2 million for 2000, which is the sum of the following:

- \$46.9 million (1990 allocation) as agreed among PG&E, the League of California Cities, and the County Supervisors Association of California as part of the "Three-Year Plan"; plus
- \$16.4 million derived from applying the 1999 composite inflation and real growth factor of .0326 to the 1999 subtotal allocation budget of \$61,331,658. The product of that calculation exceeds the 1990 base allocation by \$16.4 million.

The 2000 allocations for each city and county are shown in the attachment and determined in accordance with the "50/50" allocation formula directed by the Commission in Decision 90-05-032.

PG&E's total conversion allocations since 1968, including the 2000 allocation, total \$1.051 billion.

Questions regarding the 2000 Rule 20A allocations should be directed to Mr. Rene Juarez in PG&E's New Business and Technical Services Department at (415) 973-2840.

Sincerely,

Mr. Wesley M. Franklin
