RESOLUTION E-5076
January 14, 2021

TO: Parties Interested in the CPUC's Tribal Land Transfer Policy

**PLEASE NOTE REVISED COMMENT INSTRUCTIONS
AND COMMENT DUE DATE JANUARY 5, 2021**

Enclosed is Revised Draft Resolution E-5076 of the Energy Division. The Revised Draft Resolution is in response to the California Public Utilities Commission's (CPUC's or Commission's) own motion. It will appear on the agenda at a future Commission meeting date, which is at least 30 days after the date of this letter. The expected meeting for consideration of this Revised Draft Resolution is the CPUC meeting on January 14, 2021.

The Commission may vote on this Resolution at that time or it may postpone a vote until a later meeting. When the Commission votes on a Resolution, it may adopt all or part of it as written, amend, modify, or set it aside and prepare a different Resolution. Only when the Commission acts does the Resolution become binding on the parties.

By this letter, the CPUC is providing notice of this Revised Draft Resolution as widely as possible to potential interested entities. Several lists are being used to widely notice the Draft Resolution, including all electric and gas investor owned utilities, each energy utility's General Order 96-B Service List and several other lists. The entities receiving official "service" of the Revised Draft Resolution are identified in Attachment 2. The lists receiving courtesy notification are identified in Attachment 3.

A Draft Resolution E-5076 was originally circulated on July 31, 2020 and the initially established comment period was for opening comments were to be received by August 24, 2020 and reply comments were to be received by September 3, 2020. The same Draft Resolution was circulated a second time on September 2, 2020, with an expanded service list. Opening comments were received on September 24, 2020, and reply comments were received on October 8, 2020. All comments received on the Draft Resolution by October 2020 are available at www.cpuc.ca.gov/tribal.¹

Substantive revisions have been made to the Draft Resolution since it was originally circulated for comment on September 2, 2020, therefore it is now being recirculated and referred to here as a "Revised Draft Resolution". In addition, new entities have

¹ The Comments received by the CPUC on the Draft Resolution circulated September 2, 2020 are available at https://www.cpuc.ca.gov/uploadedFiles/CPUC_Public_Website/Content/About_Us/Supplier_Diversity/Comments%201028.pdf

been added to Attachment 2, the Service List for this Resolution. Some additional entities have also been added to the courtesy notification list in Attachment 3.

In light of the revisions and the additional entities receiving service, a new public Comment Period for the Revised Draft Resolution has been established. The due date for a new comment period on this Revised Draft Resolution is January 5, 2021.

Although we did provide for a reply comment period the first time the Draft Resolution circulated for comment, we are not providing a reply comment period at this time since there has already been an extensive quantity of comments received by the Commission.

Interested persons submitting comments shall be limited to fifteen pages in length and should identify any recommended changes to the Revised Draft Resolution.

Entities who have previously submitted comments (in response to the original comment due dates of September 24 and October 8, 2020) need not resubmit their same comments, but they are allowed to provide additional comments on the attached Revised Draft Resolution.

1. Comments along with a certificate of service shall be sent via email to: edtariffunit@cpuc.ca.gov.
