TRIBAL LAND POLICY WORKSHOP

Join us in a remote discussion on the implementation of CPUC's tribal land policy. We will discuss and receive comments on implementation guidelines.

The California Public Utilities Commission will be implementing the land transfer policy requiring Investor Owned Utilities to notify the appropriate California tribe(s) at the time the utility determines it will dispose of surplus properties or retained land located in or adjacent to a tribe's territory.

Access is remote either by conference call or webcast.

CPUC invites you join our discussion through [Webex](#).
