Re: Continuing Coordination on Federal Funding Opportunities in the Infrastructure Investment and Jobs Act of 2021

Dear President Reynolds:

Thank you for your letter, dated November 28, 2022, regarding continuing coordination on federal funding opportunities available to California electric and gas investor-owned utilities in the Infrastructure Investment and Jobs Act of 2021 (IIJA). Southern California Gas Company (SoCalGas) appreciates the California Public Utilities Commission's (CPUC) interest in our plans with respect to grants to be made available under the IIJA. SoCalGas respectfully requests an extension to provide input on the guidance the CPUC is seeking to support our ability to submit competitive project funding applications. We would appreciate the opportunity to respond on December 23, instead of the December 12 date you requested.

If you have any questions, please contact me directly at 510-410-8655.

Sincerely,

/s/ Shivani Sidhar
Director of Regulatory Affairs
Southern California Gas Company
