SUBJECT: General Order (GO) 112-F Compliance Inspection of Pacific Gas and Electric Company's Fresno Division

Dear Ms. Cowsert:

The Safety and Enforcement Division (SED) of the California Public Utilities Commission conducted a G.O. 112-F Comprehensive Operation and Maintenance Inspection of Pacific Gas and Electric Company's (PG&E) Fresno Division (Inspection Unit) on April 5 through 9 and April 12 through 16, 2021. SED's staff and Michael Thompson (PHMSA observer) conducted the first week of the inspection virtually and used the Pipeline and Hazardous Material Safety Administration's (PHMSA) Inspection Assistant (IA) protocols as a reference guideline. The inspection included a review of the inspection records from calendar years 2017 to 2020 as well as field inspections of gas facilities within the Inspection Unit. During the week of April 12 thru 16, 2021, SED's staff reviewed the Inspection Unit's Operator Qualification records, and conducted field observations of randomly selected individuals performing covered tasks.

SED's staff did not observe any probable violation of G.O. 112-F, Reference Title 49 Code of Federal Regulations (CFR), Part 192 and considers this inspection closed.

If you have any questions, please contact Angel Garcia at (916) 205-9818 or by email at angel.garcia@cpuc.ca.gov.

Sincerely,
